Deputy Director for National Foreign Assessment  
Center

Deputy Director for Operations  
Attention: Chief, Personnel Management Group, DED

Deputy Director for Science and Technology  
Attention: Executive Officer, DDS&T

General Counsel

STAT FROM:

  
Chairman, Inter-Directorate Task Force on Foreign  
Service Personnel Revision

SUBJECT: Proposed Legislation by the Department of State

1. Ambassador Barnes, the Director General of the Foreign Service and Director of Personnel, Department of State, has provided us with the latest revision of the Department of State's legislative submission to replace the 1946 Foreign Service Act. Ambassador Barnes states that while the Department of State has tried to keep the needs of the Agency in mind, he believes this review will give us an opportunity to point up any problems which the proposed legislation might cause.

2. I would appreciate your giving this review your immediate attention and would like to have your comments no later than Wednesday, 16 May 1979. Please provide concurrently a copy to our Director of Personnel, who will be responsible for providing the necessary Agency-wide staff analysis and summary for the Deputy Director of Central Intelligence.
